---

**PUBLIC WRITTEN COMMENTS**

---

No public comments were received.

---

**DIRECTOR'S REPORT**

---

The committee received the following updates:

**1. Budget Update:**

- The Budget Act of 2024 (FY 2024–25) included a total of \$5.1 billion in total operating and facility funds for the judicial branch including facilities funding as follows:
  - \$89.5 million Public Buildings Construction Fund (PBCF) for the design-build phase of the New Sixth Appellate District Courthouse capital project.
  - \$11.5 million PBCF to augment the construction phase of the New Hall of Justice capital project in Sonoma County.
  - \$3.6 million General Fund for the operation and maintenance of the Superior Court of Stanislaus County's New Modesto Courthouse, which is under construction and expected to open to the public in early-2025.
  - \$40 million General Fund backfill to address the structural deficit in the State Court Facilities Construction Fund, maintain existing service levels for trial court facilities projects.
- At the Judicial Council's meeting on July 12, 2024, the *Judicial Branch Five-Year Infrastructure Plan for Fiscal Year 2025–26*, eight Capital Outlay Budget Change Proposals, and three facilities-related budget change proposals—*San Diego Hall of Justice Facility Modification*, *Facilities Program Support*, and *Trial Court Physical Security Assessment and Evaluation*—were approved for submission to the state Department of Finance for consideration in the FY 2025–26 budget.

**2. Solar Power Purchase Agreement (SPPA):**

- On April 8, 2024, Judicial Council Facilities Services concluded its process for qualified vendors for installation of solar integrations through the SPPA procurement model:
  - Contracts have been executed with two vendors for 20 of the 33 sites.
  - Vendor pricing was not cost-effective for the other sites, and alternative procurement and funding strategies are being evaluated.

- Current project activities include ongoing meetings with contractors and preparation for geotechnical investigations of sites:
  - Over 16 megawatt hours of electricity annually is expected to benefit the Court Facilities Trust Fund with more than \$12 million in electrical-utility cost savings over the contract’s 20-year lifetime.
  - Of the 20 projects, 17 will be solar-only and three will also include battery-energy-storage systems.
  - In the first year of operation, the systems are expected to reduce approximately 2,452 metric tons of carbon dioxide emissions, which is equivalent to 3.3 percent or 74,000 metric tons of the carbon footprint of the Judicial Council’s real estate portfolio.

### **3. Indefinite Delivery/Indefinite Quantity (IDIQ) Consultant Contracts:**

- Judicial Council Facilities Services uses consultant services through IDIQ contracts to accelerate design and construction of facility modifications (FMs) and other types of projects:
  - With IDIQ contracts, multiple vendors can be qualified and contracted through a single solicitation to perform services during a fixed period, saving substantial staff time otherwise spent on executing individual solicitations and contracts.
  - IDIQ vendors are qualified through a combination of technical and cost criteria, with individual projects assigned based on a competitive cost-proposal process.
  - A competitive solicitation was recently completed to renew contracts with 24 architecture/engineering firms, 9 commissioning firms, and 11 structural engineering firms, establishing three-year bases with two, single-year extensions for maximum five-year contracts.

### **Priority 1 = Immediately or Potentially Critical.**

Condition requires immediate action to return a facility to normal operations, or a condition that will become immediately critical if not corrected expeditiously. Such conditions necessitate the need to stop accelerated deterioration or damage, to correct a safety hazard that imminently threatens loss of life or serious injury to the public or court employees, or to remediate intermittent function and service interruptions as well as potential safety hazards. Such conditions may include, but are not limited to, the following: major flooding; substantial damage to roofs or other structural building components; or hazardous material exposure. Depending on scope and impact, a severe deterioration in life safety protection may also be considered a priority 1 condition requiring a facility modification.

Owing to their critical nature, priority 1 requests will be addressed immediately by JCC staff using internal procedures that ensure timely and effective responses to unplanned emergency or potentially critical conditions, including a method and a process for setting aside funds to address priority 1 conditions.

### Summary and Recommended Action

Facilities Services staff is submitting a draft of the *Five-year Deferred Maintenance Report for Fiscal Year 2025–26* for action to submit to the state Department of Finance (DOF). This draft report presents a total of 22,673 deferred maintenance projects at an estimated, rough order of magnitude cost of \$5.16 billion, with the Judicial Council share being \$3.813 billion.

The attached exhibits provide the estimated project cost totals and Judicial Council's total as a result of county equity/ownership.

To comply with DOF's request that staff submit this report on an annual basis for its records, staff recommends the advisory committee approve this draft report for submission to the DOF.
