1. On page 11 under fourth deliverable a., should the word *Revised* be *Review*?

ANSWER: Yes, "Review evaluation format..." not revised.

2. On page 12 ii. The paragraph would seem to indicate the total cost for organizing, coordinating and putting on the Youth Summit should not exceed \$20,000. The total cost for putting on the Youth Summit will easily exceed \$50,000 so the \$20,000 from JCC will represent a portion of the cost with the remaining costs borne by Contractor. These shared cost will be reflected in the Budget Narrative.

ANSWER: That is correct. The total cost of the event will exceed \$50,000. The \$20,000 is a portion of that cost. Additional funds will come from registration fees and will cover most of the remaining costs, which is the responsibility of said contractor. Include those shared costs in the budget narrative.
