Power Control Center - 100

UTILITY TRAY  
Model: UT-1000

The utility tray features a front panel with several indicator lights: two green lights on the left, one red light in the center, and two green lights on the right. There are also several ports and a power switch on the left side.

**GRANICUS**

The Granicus device is a blue rectangular unit with a white circular logo on the left and a small blue power button on the right.
